Dear Phillip

Wanted to take the time to thank you for an exceptional program over the Martin Luther King weekend and holiday. I have received nothing but positive comments on your performances and workshops. The two packed house performances were a clear indication of the college and community's interest in your work. It was again a pleasure to work with the African American Drama Company and look forward to further engagements. Please feel free to use Central Oregon Community College and myself as reference for AADC. Hope you had a safe and enjoyable tour after leaving Central Oregon.

Sincerely,

Mike Smith
Director of Student Life

PS I would appreciate you sending the college a copy of the Monday afternoon multicultural sensitivity workshop video at your earliest convenience. Thanks
